

Office of Assistant Treasurer U. S., L

New York City, June 21, 1893.

Mr. O. C. Bosbysshell,

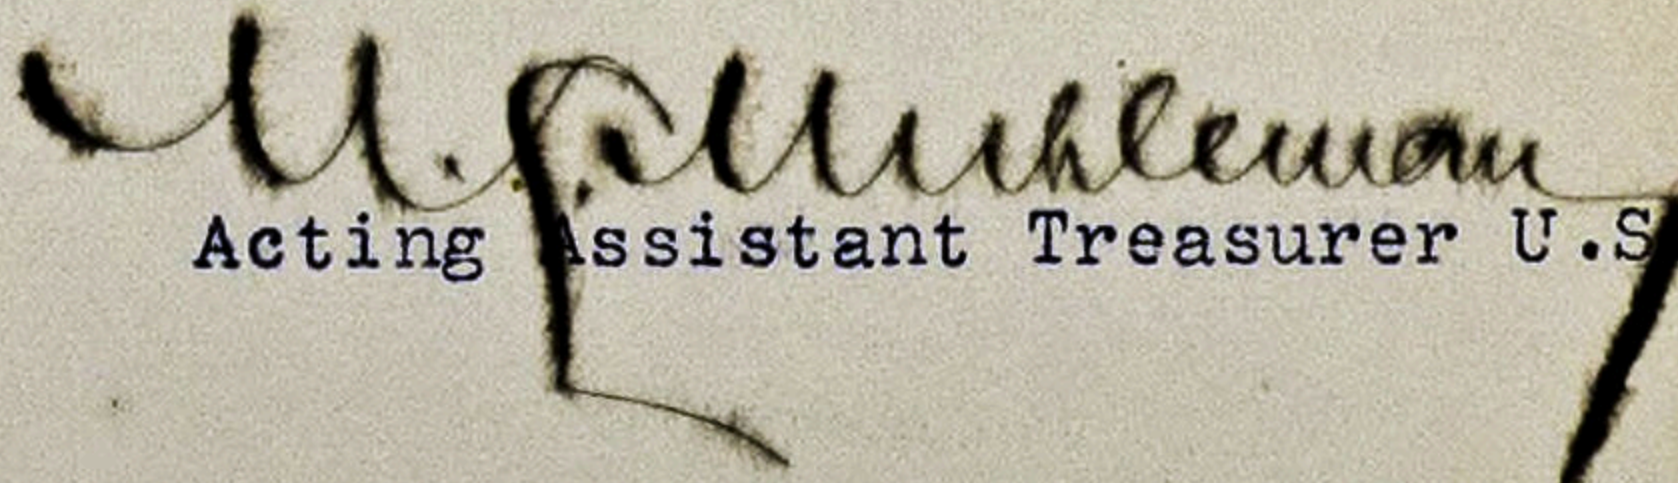

Superintendent of Mint of the United States,

Philadelphia, Pa.

Dear Sir:-

If coin kegs are returned from this office so mutilated as not to be again useable there is good ground for complaint against the office. I am inclined to think that there is carelessness, but there seems to be a feeling that the express company may be somewhat at fault too; whichever it is, my desire is to stop it and my note to Mr. Cobb was intended to operate so as to bring to our attention, hereafter, specific cases without the slightest compunction, so that it can be corrected by definitely fixing the responsibility.

Very respectfully,

Acting Assistant Treasurer U.S.
